

BERA T & L - EDGE *pro*

Aluminium Edging - Pro

BERA[®]

BERA® T-Edge Pro

BERA® T- and L- Edge Pro

Flexible, strong, elegant and versatile aluminium edging systems are now available in 2 designs:

- T - shape for parking, terraces, hard landscaping;
- L - shape for walkways, lawns, flowerbeds, hard landscaping.

The BERA® T-Edge Pro, with its stable base, is able to withstand pressure from vehicles onto a paved/gravel drive or parking area.

The triangle cut-outs are made to create a fully flexible edge for curves and bends by cutting the strip or by leaving them uncut to have a straight and solid edge.

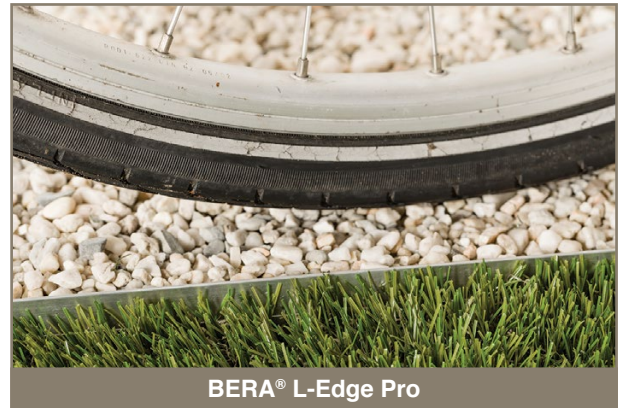

The same features are applicable to BERA® L-Edge Pro, except for the fact that this range is more suitable for neat and elegant edging of flowerbeds, lawns and hard landscaping. Both systems are of the highest quality of aluminium, light in weight and easy to install.

Fixation of both edging systems is possible by using universal soil-pins. Interlocking snap-on connectors are available to extend individual sections.

Installation Instructions

Cut the triangle strip to enable the edging to be applied in curvy landscaping design or the creation of bends and corners. Extend each BERA® T- or L-Edge using the connector (detail shown on the right). Each box comes with 20 pieces of Edge and 20 connectors.

BERA® L-Edge Pro

TECHNICAL SPECIFICATIONS

Product	BERA T-Edge Pro	BERA L-Edge Pro
Colour	Aluminium natural grey	
Material	Aluminium alloy (EN AW6063)	
Weight standard	According EN573-3	
Mechanical properties	According EN755-2 T6	
Production standards	ISO9001	
Recyclable	Yes	

Product ID	T-Edge 1410307	L-Edge 1410305
Dim. per profile (L x W x H)	118 x 9 x 5 cm	118 x 4.5 x 5 cm
Weight per profile	0.78 kg	0.59 kg
Packing dimensions, box	121 x 40 x 12 cm	121 x 12 x 8 cm
Gross weight, box	17 kg	11 kg
Quantity per box incl. conn.	20	20
Length per box	23.6 m	23.6 m
Box per pallet	16	40
Pallet dimension	120 x 80 x 102 cm	120 x 80 x 104 cm
Pallet weight	272 kg	440 kg

Product ID	T-Edge 1410308	L-Edge 1410306
Dim. per profile (L x W x H)	235 x 9 x 5 cm	235 x 4.5 x 5 cm
Weight per profile	1.63 kg	1.23 kg
Packing dimensions, box	237 x 40 x 12 cm	237 x 12 x 9 cm
Gross weight, box	34.0 kg	21 kg
Quantity per box incl. conn.	20	20
Length per box	47 m	47 m
Box per pallet	28	50
Pallet dimension	237 x 126 x 102 cm	237 x 120 x 104 cm
Pallet weight	970 kg	1070 kg

After final positioning of the edges, if and when required, use universal soil pins to fix the position of the edges. For soft sub-base or soils, use longer suitable pins or other fixation methods. Instructions for installation are guidance only and subject to local rules and regulations. Connectors can be used to extend individual edges by insertion into the holes provided for.
